**Senior Medical and Dental Officer  
Salary Survey**

**1 JULY 2006**

---

This is the Association's thirteenth survey of full time equivalent (FTE) salaries for senior medical staff at district health boards and their predecessors. Employers were asked for the number of staff on the base salary steps of the scale in the collective agreement covering senior medical officers as at 1 July 2006. The survey reports on FTE base salaries. It does not take into account:

- hours worked in excess of 40 hours per week (i.e. those hours recognised through job sizing);
- the availability allowance; or
- any other special enhancements.

It is a count of where doctors covered by the DHB MECA negotiated by the ASMS are on the salary scales.

The information supplied by DHBs was on 2845 specialists (738 females and 2,107 males) and 396 medical and dental officers (179 females and 217 males).

In 2001 we asked for a breakdown by gender for the first time. In the past some DHBs have not been able to supply the information in that form. This is the second year where a gender breakdown has been universally available. The results are set out in Tables 3.1 and 3.2, and 4.1 and 4.2.

In view of the Pay and Employment Equity work presumably going on in DHBs, we have added tables 4.1 and 4.2 showing the distribution of males and females in each DHB by salary step.

## NATIONAL FTE MEAN BASE SALARY INCREASE

Table 1.1 summarises national trends. On 30 June 1993 the mean FTE specialist base rate was \$85,658. By 1 July 2006 this had increased to \$143,310 (a raw increase of about 67.3% since 1993). This represents a 1.9% increase on the 2005 mean.

For medical and dental officers the equivalent salary movement to 1 July 2006 was from \$67,457 on 30 June 1993 to \$114,664 (a raw increase of about 70.0%). This represents a 3.2% increase on the 2005 mean.

## EMPLOYER SUPERANNUATION CONTRIBUTIONS

Since 2000 the Association has collected information on membership of superannuation schemes. Employees who have a contribution made by their employer to their superannuation were collated into groups. In this year's summary the NPF Defined Benefit, NPF Defined Contribution and GSF schemes have been amalgamated.

- The National Provident Fund (NPF) defined contribution schemes include the pension scheme and the lump sum scheme, and the NPF Defined Benefit Scheme provides a defined benefit to the member based on their last few years salary
- The Government Superannuation Fund (GSF)
- Employees who receive an employer contribution by virtue of a clause in the collective agreement requiring a matching contribution to a recognised scheme and;
- Any other superannuation schemes

Table 5 sets out this information.
